

Cakebread Cellars Shipping Information

Shipping Wine and Charges

To offer you the best shipping rates, we ship from facilities in California, New York and Missouri, depending on your location. Our recommended order quantities are 2, 6, and 12 bottle packages. Based on the weather, we may restrict Ground service to certain states in order to maintain the integrity of the wine; during warmer months, we only ship with service to locations with one or two day transit times.

Adult Signature Requirement

We strongly suggest shipping your order to a business address, as all state laws requires an adult signature at the time of delivery for any package containing wine. It is the recipient's responsibility to ensure an adult over 21 years of age is available to sign for the delivery. Shipments will not be delivered if a recipient is not 21 years of age or older or does not have an acceptable form of ID (such as a driver's license, passport or birth certificate), or the recipient shows signs of intoxication.

Key Points to Know About Our Shipping Schedule

Orders cannot be shipped the same day they are placed online. Shipping wine is complex due to various state-mandated limits and requirements. We verify orders through our state compliance matrix to ensure the legality of all shipments. It takes one business day to verify and process an order, then an additional day for picking and packing.

October through April, we ship Monday-Friday; May through September, we ship on Monday, Tuesday, and Wednesday in order to have your wine to you in the same week and to minimize any potential heat hazards.

If you would like to schedule an order with a shipping date in the future, please call us at (800) 588-0298 rather than using the online store. We are happy to schedule orders for future shipping dates, pending inventory availability. Upon the third missed delivery attempt, your shipment will be returned to Cakebread Cellars. If this occurs, we retain your original shipping charge. We'll kindly ask you to cover the expense to re-ship it back to you.
